EDUCATION

The Master's University
B.S. in Computer Science — GPA 3.7

EXPERIENCE

BookReport | Full Stack Software Engineer Intern — Remote
Go, TypeScript, React, MySQL, Docker, Google Cloud — May 2022 - Present

- Contributed to infrastructure of the bookreport software, a web-based ERP Accounting software for K12
- Utilized a PDF generation library to automate creation of tax forms from internal customer data.
- Optimized Financial Analyst workflow by approximately 20% through collaboration with finance team

The Master's University | Service Desk Analyst — Santa Clarita, CA
Ticketing Software, Microsoft Active Directory — Oct 2020 - May 2021

- Deployed new computers, configuring operating system, software requirements, and network settings
- Contributed to accurate and up-to-date documentation of IT systems, processes, and procedures.
- Achieved a consistent 100% Customer Satisfaction Rating within our ticketing system, TeamWork Desk

The Master's University | Data Entry Assistant — Remote
Python — June 2021 - July 2021

- Efficiently transcribed and organized large volumes of data into different formats within a strict deadline
- Developed Python Script which allowed the data entry workflow to speed up by approximately 60%
- Catalogued data from over 260 other universities into the school's Transfer Evaluation System

PROJECTS

Portfolio Website *Next.js, Tailwind CSS, TypeScript* — GitHub
Developed a fully responsive portfolio website utilizing the T3 Stack. Incorporated modern design elements while keeping a focus on simplicity and accessibility.

Landing Page *HTML, CSS, Flexbox* — GitHub
Developed a landing page for a coffee shop to practice using the Flexbox layout. Built from scratch using design specifications from TheOdinProject.

SKILLS

Languages::	Python, Go, JavaScript, MySQL, NeoVim
Technologies::	Git, React, Linux, Active Directory, Office 365
